DETAILED ACTION

Response to Amendment

1. The present Office action is made in response to the Response filed on 8/15/2005.

Allowable Subject Matter

2. Claims 1-20 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The stage well as claimed in each of claims 1, 9 and 17 is allowable with respect to the cited art by the limitations related to the structure of the stage well. In particular, the cited art does not disclose a stage well having a housing attached to a stage and extend below the stage, and an inner sleeve fitting into the housing so that it rotated within the housing wherein the inner sleeve has a shelf extending transversely within the inner sleeve.

Applicant's arguments to show that the art of Ohsaki et al (U.S. Patent No. 5,691,841) and the combination of art provided by the Japanese reference No. 10-311952 and the U.S. Patent Nos. 6,560,012 and 4,955,702 as provided in the Response, pages 5-9 are persuasive, and thus the rejections of the claims as set forth in the previous Office action are now withdrawn.

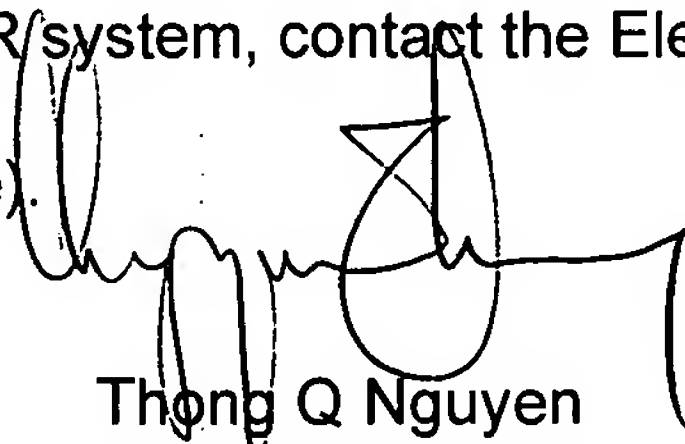

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
